

## SHORT- CYCLE VOCATIONAL TRAINING IN COMIC (ISCED 5 – EQF5)

### General description of the programme

The objectives of our comic programme are to train professionals capable of:

- Producing original comic book works of formal and functional quality from one's own project or from a specific professional order.

-Planning the implementation of the project by defining the most appropriate expressive, formal, functional, aesthetic and technical resources.

-Developing the different phases of the project and the corresponding quality controls to obtain a final product that meets the graphic, communicative and expressive objectives required at a professional level.
